

***Reheat & enjoy your delicious  
Chinese BBQ Pork Buns!***

**MICROWAVE METHOD  
(using 600 watt microwave)**

**Individual bao**

Wrap your bun loosely with a damp paper towel.  
Place your bun on a microwave-safe plate.  
Reheat for about 20 seconds until piping hot. Add slightly more time if necessary—but not too much or your bun will dry out. Enjoy!

**Multiple bao**

Place your buns on a microwave-safe plate.  
Put a small cup of water next to the plate.  
Microwave for about 1 minute until piping hot. Add slightly more time if necessary—but not too much or your buns will dry out. Enjoy!

**STEAMER METHOD**

Bring water to a boil in a pot, then lower temperature to mid to high heat and place steamer (bamboo or stainless steel) on top.  
Arrange bun(s) in a single layer in the steamer, place a clean cloth on top, then add the lid. (The cloth helps prevent any water from dripping on the dough.)  
Steam bun(s) for 7 to 8 minutes until piping hot.  
Enjoy your delicious bao!
